## ARP® OFFERS PRODUCT GUIDE FOR LS ENGINES

June, 2013  
FOR IMMEDIATE RELEASE

Industry leading fastener manufacturer ARP has just made things easier for anyone building an LS-series engine by publishing a handy 8-page Product Guide that lists everything the firm makes for the popular 3<sup>rd</sup> Generation GM small block and aftermarket versions

Important internal engine fasteners, including cylinder head studs and bolt, main studs and bolts, and connecting rod bolts are listed, as well as key external fasteners like damper bolts.

Also detailed are ARP's wide variety of polished stainless steel and black oxide finished chrome moly studs and bolts in both hex and 12-point models for exhaust, intake, valve cover, oil pan and other applications. ARP's complete Engine & Accessory Fastener Kit is also covered.

All ARP fasteners are proudly made in-house to stringent AS9100 and ISO-9001 quality control standards. The LS brochure is available online at [www.arp-bolts.com](http://www.arp-bolts.com) or calling ARP's tech team at 800-826-3045.
