

Classic Dash Introduces Panels For 1987-95 Jeep Wrangler YJ

Noted instrument panel manufacturer Classic Dash has turned its focus on the popular 1987-95 Jeep Wrangler YJ and now offers a premium replacement for the factory dash and its “square” gauges.

Classic Dash instrument panels are made of rugged UV-resistant ABS composite material and offered in a “calf” finish, as well as matte black, brushed aluminum or carbon fiber. They are designed to accommodate 3-3/8" diameter primary and 2-1/6" secondary gauges and have provisions for factory controls.

A package that includes a Thunder Road tachometer, speedometer, oil pressure, water temperature, fuel quantity and voltage gauges is available for \$699.95 MSRP. Also available are a variety of Auto Meter gauges, wiring kits and adapters to facilitate the installation. Detailed instructions are included.

Additional information is available at www.ClassicDash.com and toll-free technical assistance is available by calling 866-882-3525. Classic Dash is located at 5055 Metric Way, Ste. 105, Carson City, NV 89706.
