The innovative new GB Sport cap from Snugtop is now available for third generation (2014 to present) Toyota Tundra pickups equipped with 5.5' and 6.5' beds.

With a contemporary design exclusive to Snugtop, the GB Sport truck cap features scalloped side windows that compliment the Toyota's lines and a subtle rear spoiler with a built in LED brake light. The all-glass side windows pop-out at the rear for added convenience, while the curved tailgate is also glass.

As with all Snugtop caps, the GB Sport features key reinforcements and is covered by a Lifetime Structural Warranty. Painted to match Toyota factory colors using Axalta's Chromapremier® system, it's also backed by a Lifetime Finish Warranty.

There are many front window and tailgate lock options. For details visit www.snugtop.com. Founded in 1959, the Long Beach, CA based company is celebrating its 60th year in business this year.
